Projects

Diploma Thesis

In my fifth year of technical college, my partner and I worked on an application for Siemens AG:

Paper	https://trueberryless.org/thesis.pdf
-------	---

Open Source

I'm an active contributor to various Astro repositories, mainly:

Starlight	https://github.com/withastro/starlight
Docs	https://github.com/withastro/docs
Plugins	https://github.com/trueberryless-org/starlight-*

Personal Websites

Moreover, I have some personal websites I'm running:

Mutanuq	https://mutanuq.trueberryless.org
Blog	https://blog.trueberryless.org
Videos	https://videos.trueberryless.org
True Tracker	https://true-tracker.trueberryless.org
